

Summary of the 1st reporters meeting

In December, our schools wanted to have the 1st meeting of our reporters. But we had many technical difficulties, so our teachers decided that each school would make a video with the reporters reporting about themselves and about their schools. Some videos were made before Christmas and some in January.

The reporters from Catalonia are Roger and Anna. They showed us a lot about their school in their video. Many classes made posters about the countries from this Erasmus project. They also showed pictures from their Geography class, where the students presented their posters. They also showed pictures, where the teachers explain the project to parents. A nice thing they reported about was an assembly, where the students decided the names for the different classes. Each class has a name from something about the other countries. In the end of the video, they showed us their advent calendars and pictures from a trip to a train museum.

The reporters from Greece are Anthilia and Thanos. Anthilia is 11 years old, goes to the 6th grade and likes synchronized swimming, drawing, playing the guitar and playing with her cat. Thanos is 11 years old, goes to the 6th grade too and likes computer games, reading comics. He is also a scout. They reported about the logo competition and the parents meeting. They also said that the school started to gather information about the book story.

The reporters from Lithuania are Aivaras and Šarūnas. Aivaras is 10 years old, goes to the 4th grade and likes basketball and Maths. His friend Dovidas won the logo competition! Šarūnas is 12 years old, goes to the 6th grade and likes basketball and swimming. They described their school, their great students and friendly teachers. Their school is responsible for the project website. They talked

about the song “Train is rolling” that they chose for the project. They are also collecting their students portfolios.

The reporters from Poland are Julita and Natalia. Julita is 13 years old and plays volleyball. She also has a cat. Natalia is also 13 years old and likes listening to music. She has a dog. They will go to their school for two more years. Their school has about 400 students and started a new educational system last year. They have 35 lessons in a week, 7 lessons a day. They learn two foreign languages, English and German. They reported about what the school did in the Erasmus project. Their teachers told them about their visit to Slovakia and the students wrote articles about it for the local magazines. They are working on the projects mascots.

The reporters from Italy are Pietro and Chiara. Pietro is 13 years old and likes reading and playing videogames. His favorite subjects are Science and English. Chiara is 13 years old too and likes reading and playing the piano. They reported about the train vocabulary and train role play they learn for the project. They look forward to meet the students from the other countries.

The reporters from Slovakia are Alexandra and Viktória. Alexandra is 12 years old and goes to the 6th grade. She likes playing football and the guitar and painting. Viktória is 12 years old and goes to the 6th grade too. She likes painting and playing the guitar. They reported that the school works on the project mascots and that in November some students went on a train trip to Bratislava. They visited the human body exposition with the Geography teacher.
